

1000 STARTER SYSTEM

This is the most affordable standalone system for producers wanting to generate high-quality, high-margin Color-Enriched mulches. Features signature Amerimulch technology and durable steel construction. Gives the operator control over flow of colorants and water, as well as the rate of wood fiber. The 1000 produces 20-40 cubic yards per hour. Comes with the Amerimulch commitment of total customer satisfaction. For maximum performance, always use Heartland Enriched Colorants.

Specifications:
